

MUSIC LISTENING TASKS

- Each week you are expected to do some “quality” listening which will help you with the listening element of the course. In order to do this you will need to have access to You Tube or a similar resource.
- As you listen to the music you will identify concepts and note them on the grids provided.
- It is important that you listen to music from a wide variety of periods, including modern music.
- Below are some suggested pieces for you to choose from. You will be expected to cover at least **TWO PIECES** however they do not need to be from the recommended list. Your teacher will take in the grids and will listen to your chosen pieces ensuring you have completed the task correctly.
