S4 into S5 Course Choice Rules

Plan your S5 choices by considering how you will make progress from S4. **You must base your choices on the subjects you studied in S4.**

Consider also how your choices will help you move forward into S6 or a future career/education beyond school.

Think about how any college options will impact on your pathway in school, college or a career. **Choosing a college option may limit your progression in school.**

Make a choice in each column A to E. **You must base your choices on the subjects you studied in S4.**

You may select any combination of Higher and N4/N5 courses.

For every N4 or N5 course you choose, you will have an additional period allocated to a nationally accredited skills qualification in learning, life and work.

You may choose a college course in Column C and/or Column D.

Some college courses offer progression but others do not. Look for information in the School/College Programme Booklet and plan your pathway carefully.

You must continue 2 year college courses (HNC or Foundation Apprenticeship) into S6.

College courses are studied at Dundee & Angus College at either Kingsway or Gardyne Campus on a Monday and Wednesday afternoon (Column C) or/and a Tuesday and Thursday afternoon (Column D).

Information about all courses can be found in the Senior Phase Option Course Information and the School/College Programmes Booklets.

You can find these handbooks on the school website <http://baldragon.ea.dundeecity.sch.uk/our-school/curriculum>

Paper copies of the handbook are in the library and with your guidance teacher.
