

Dear Parent/Carer

CORONAVIRUS – USE OF DRINKING FOUNTAINS IN SECONDARY SCHOOLS

To further ensure the safety and well-being of pupils and staff and following latest guidance provided by Health Protection Scotland, in addition to encouraging children to wash hands regularly over and above our usual practice it is advised that children do not share food and drink.

Water fountains in school should only be used to fill water bottles and all children must refrain from putting their mouths around the fountain tap. To assist schools to ensure good hygiene practices please discuss this with your child and provide your child with a reusable water bottle to use in school.

Please be assured that across Dundee City Council, we are doing all we can to ensure that this virus is contained, that our children and young people are protected and that they can continue to enjoy their learning in a healthy and safe environment.

However, if you have any further queries or require more information, please visit the following website www.NHSinform.scot/coronavirus

Yours sincerely

Mr H McAninch
