

31 March 2022

Dear Parent/Carer,

### Water Safety Messages – School Holidays 2022

As we approach the school holidays and move towards the warmer weather, we'd like to share with all families the following water safety messages from Scottish Fire and Rescue.

These important messages can be found from the following links:

<https://watersafetyscotland.org.uk/media/1958/wss-water-safety-code-2022.pdf>

<https://www.youtube.com/watch?v=3OBCFEEZe1U>

<https://rnli.org/youth-education/education-resources/lower-secondary/decision-making>

<https://rnli.org/youth-education/education-resources/videos/safe-near-the-water>

We will be posting the links to these messages on our social media channels and time will be spent during Personal and Social Education (PSE) on these important safety messages.

You may be aware, there was a significant number of water related fatalities in Scotland last year. Indeed, even at this time of year, there are numerous reports of more fatalities in Scottish waters as people start to take advantage of the changes in weather. Please help us to share these important messages and to ensure that your child is water safety aware.

I do hope you find these links and resources helpful in your conversations at home.

Have a very safe and happy Easter holiday.

Yours faithfully,

**H McAninch**  
Headteacher
